

# Membership Committee Report

August 2023

The Membership Committee has been reformed in July 2023. The mission of the Membership Committee is to steward the existing membership, recruit new members, manage the member database, publish the Directory, and collect member dues.

In FY2024, the committee plans to expand its focus to include new member development in order to increase the number of members and the percentage of full and part-time residents that are members.

The committee is just now forming and members include co-chairs John Stone and Allison Stegner.

Contributors include Linda Ely and Betsy Hunt who have been instrumental in managing the member database, dues collection, and Directory publishing over the last several years.

Respectfully Submitted,

John Stone and Allison Stegner
